

Pason’s Daily KPI Reports provide critical statistics and valuable insights into the previous day’s operations. These KPI reports are generated using sensor data, and can be retrieved from the DataHub, Pason Live mobile app, or auto-generated daily email. Performance is displayed visually, and presented in the following formats:

## By Crew

Depth vs Time

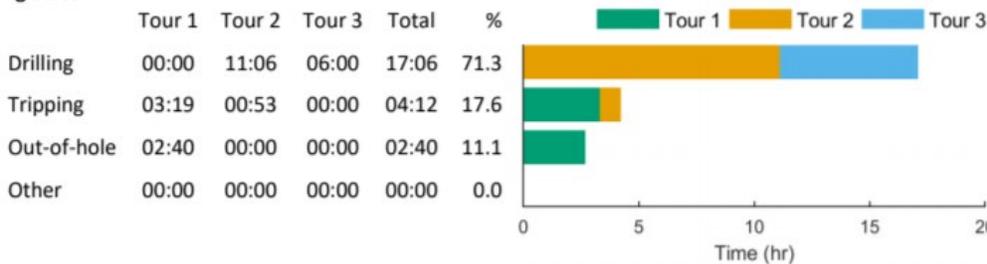

Crew activities are colour-coded according to Pason Electronic Tour Sheets and display differently based on schedule configuration (2 shifts, 3 shifts, or 2 split-shifts).

Note: Crews not utilizing Pason Tour Sheets show as one shift.

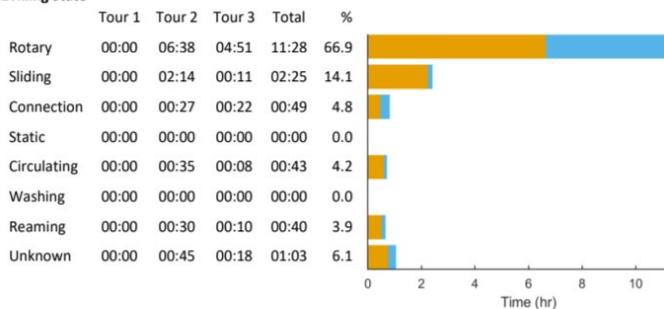

## By Rig State (Super State)

Rig State

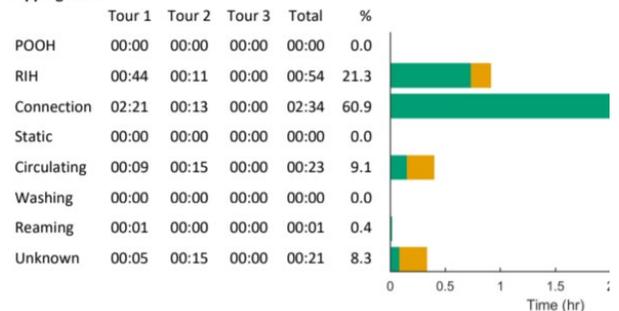

## By Rig State (Sub State)

Drilling State

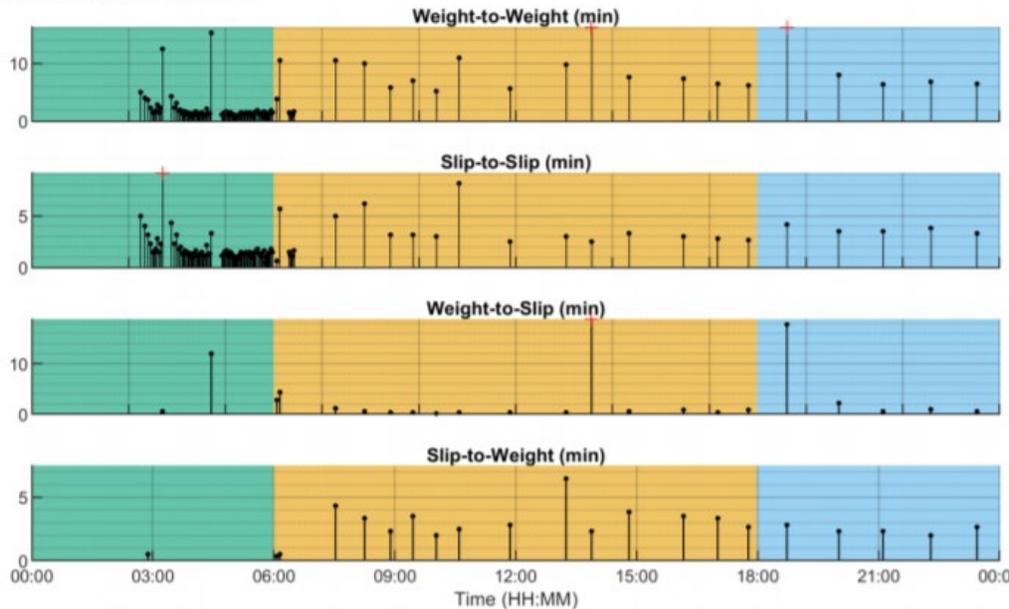

Tripping State

## By Connection (Event Time and Duration)

### 24 Hour Connection Plot

Connection Time Breakdowns allow you to easily see performance and process consistency.

Reference the date and time of a specific connection to easily locate it in Pason Live for in-depth analysis.

## By 24 Hour Summary

| Performance Metrics |         | Tour 1 | Tour 2 | Tour 3 | Total         |
|---------------------|---------|--------|--------|--------|---------------|
| Total Drill Length  | (ft)    | 0.0    | 1246.8 | 473.6  | <b>1720.3</b> |
| Rotary Drill Length | (ft)    | 0.0    | 1168.6 | 467.5  | <b>1636.0</b> |
| Slide Drill Length  | (ft)    | 0.0    | 78.2   | 6.1    | <b>84.3</b>   |
| Total Drill Time    | (hr)    | 0.0    | 8.8    | 5.0    | <b>13.9</b>   |
| Rotary Drill Time   | (hr)    | 0.0    | 6.6    | 4.8    | <b>11.5</b>   |
| Slide Drill Time    | (hr)    | 0.0    | 2.2    | 0.2    | <b>2.4</b>    |
| On Bottom Time      | (hr)    | 0.0    | 8.8    | 5.0    | <b>13.9</b>   |
| Off Bottom Time     | (hr)    | 6.0    | 3.2    | 1.0    | <b>10.1</b>   |
| Average ROP         | (ft/hr) | -      | 140.9  | 94.1   | <b>123.9</b>  |
| Rotary ROP          | (ft/hr) | -      | 176.4  | 96.5   | <b>142.7</b>  |
| Slide ROP           | (ft/hr) | -      | 35.1   | 32.5   | <b>34.9</b>   |
| Trip-In Time        | (hr)    | 3.3    | 0.5    | 0.0    | <b>3.9</b>    |
| Trip-Out Time       | (hr)    | 0.0    | 0.0    | 0.0    | <b>0.0</b>    |
| Trip-In Speed       | (ft/hr) | 2265.7 | 969.4  | -      | <b>2084.4</b> |
| Trip-Out Speed      | (ft/hr) | -      | -      | -      | <b>-</b>      |

A convenient 24-Hour Summary allows you to quickly identify:

- Rotary Drilling Time
- Slide Drilling Time
- Trip Time (In/Out)
- Trip Speed (In/Out)
- Rate of Penetration (ROP)

Metrics are broken down by crew with 24-hour totals.
